

Welcome to our practice!

What a compliment you have given to our practice! By selecting our dental team, we now have the opportunity to provide you with the highest quality of professional dental care available.

Your most valuable resource should be your smile. If you are happy with your smile, then we can help you maintain it for a lifetime. However, if for some reason you are dissatisfied with your smile, we can help you. Just ask us!

This is an exciting time in dentistry. Through new techniques and materials in dentistry we can relatively easily enhance your smile. Your smile can be enhanced by brightening, straightening, reshaping, lengthening, broadening, and even changing the color of your smile. This is only a few ways we could improve your smile. If you are interested in any of these, please discuss it with us at your next appointment.

For us, the Golden Rule: "Treat others the same way you would want to be treated" is still and always will be number one. If at any time you have a question or are unhappy about any treatment (proposed or performed), fee, service, or attitude of our "Dental Team", please discuss it with us promptly and openly. We want our patients to be our fiends. Misunderstandings and/or lack of communication are the only obstacles to our continued friendship and professional relationship.

Please make sure you download the Medical History Form and HIPPA to be Signed Form. Sign all three pages, and return on your appointment day.

One of the things that we ask of our patients is to please give us ample notice (**at least 48 hours**), if, for any reason you are unable to keep your appointed time in our office. Also, one of the greatest compliments you could give us is by referring a friend. Thank you for selecting us, and we look forward to seeing you in the near future.

Sincerely,

Dudley C. Beaty III, DMD
